Strategies/Initiatives

Provide support and stability for our communities during the midst of global pandemic

Expand learning opportunities and supports for students to address learning loss caused by school closures, remote learning, and effects of pandemic

Continue implementation of 1:1 learning environment and related technology needs

Strengthen support services and trauma informed PD to better meet the social/emotional needs of students and families as a result of pandemic

Develop a multi year cash flow analysis in conjunction with enrollment trends and staffing needs

Continue improvement and curriculum planning with a focus on relevant, student centered instruction

Continue implementation of short and long term plans for facility use that support a safe and effective learning environment that meets the needs of current and future student enrollment

Conduct a board self assessment aligned with principles of effective governance
