

Resource & Business Concepts - Ms. Stice Remote Learning for May

It is really great to share with you again. *First things first, don't stress, we are in this together. I am here for you!* So to make this happen, read the below. Google hangout is available Monday, 2:30 p.m. I will send you invitation via email. Get online during this time for any help or discussion.

SOURCES AVAILABLE: Google Classroom, my email, Google Hangout time is at 2:30 p.m. Monday

ASSESSMENT/GRADE: Once you submit your work. Based on participation and progress on your work. 10 points for each assignment for total of 20 points.

DUE DATE: No later than May 11. Please turn in as soon as possible.

ENRICHMENT: For these assignments, **watch the videos** write your responses then **send** using google classroom or to the designated drop off site. If you don't have the internet, use your book or other sources to answer the questions.

May 1 – May 11 ASSIGNMENT: Enrichment #1 and Enrichment 2 Together

Watch the FTC video “Deter Detect Defend: avoid ID Theft” and Citibank commercials and then write your response to **two questions only**.

QUESTIONS

Write your response on **two questions** of your choice. I listed several for your choosing

1. What can you do to protect yourself from identity theft?
2. What are some of the common ways identity thieves get your private information?
3. What are preventative measures you can take if you think your privacy has been compromised?
4. Should you consider or evaluate the situation in which you would ask to write down or tell your social security number? Why or why not?
5. Should you consider or evaluate the situation in which you would be ask for any personal information?
6. Brainstorm a scenario in which one's identity could be compromised.
